Fear is your best friend
When failure is at the other end
Blind is your next move
Or stuck you will be forever inside this room

Down, sometimes I get so down
When my mind has time to cry, down
I don't know the reasons why
This is just a way of life
This is just the way it is sometimes

This is just a way of life
This is what we choose.

Motivation is not your muse,
Despair rock bottom boredom
Push you, push you
I'm stale and stagnant again,
Haven't we dealt with this before?
Different faces they have,
But both have been to my door.
