Don't ever say you ever meant it forever a lie jumped
out of the way. I took the bullet our friendship has died.
Don't ever say you ever meant it forever a lie jumped
out of the way. I took the bullet our friendship has died.

Now that I lie here soaked in blood you still can't
remember the things that I've done. I was there when
you fell down but I saw you smile when I hit the
ground. (hit the ground).

Don't ever say you ever meant it forever a lie (forevers
a lie) jumped out of the way. I took the bullet our
friendship has died.

Inside my mind I dug up the grave and lowered down
th friendship that couldnt be saved throw in the dirt to
cover the lies but when I tried to hide it just bleeds
through my eyes. (through my eyes).

Don't ever say you ever meant it forever a lie (forevers
a lie) jumped out of the way I tok the bullet our
friendship has died. don't ever say you ever meant it
forevers a lie jumped out of the way I took the bullet
our friendship has died.

Don't ever say you ever meant it forever a lie. jumped
out of the way I took the bullet our friendship has died.
don't ever say you ever meant it forever a lie. (Forever a
lie) jumped out of the way I took the bullet our
friendship has died.

Don't EVER SAY. dirt to cover the lies. try to hide it just
bleeds through my eyes. jumped out of the way. dirt to
cover the lies. try to hide it just bleeds through my eyes.
