Well I don't know the face when I look in the mirror
You're the only one that can make things clearer

I got a chemical infatuation
A chemical addiction to you
You're the only one that gets me through
I'm a slave to you
I'm a slave to you

I'm hooked on the taste of your beautiful pill
There's an emptiness that only you can fill

I got a chemical infatuation
A chemical addiction to you
You're the only one that gets me
The only one that gets me through
I'm a slave to you

I'm a slave to you

All alone I fade to nothing
All alone I fell in you
All alone I hear you calling
All along I've needed you

All alone I fade to nothing
All alone I fell in you
All alone I hear you calling
All along I've needed you

All alone I fade to nothing
All alone I fell in you

I got a chemical infatuation
A chemical addiction to you
Adrenaline intoxication
I've lost myself in you

Chemical infatuation
I've given everything to you
You're the only one that gets me
The only one that gets me

You're the only one that gets me through
I'm a slave to you
I'm a slave to you

I'm a slave to you
I'm a slave to you

All alone I fade to nothing
All along I've needed you
