Yeah, yeah, yeah yeah, Nas, uh, yo

Here I come from the housin' tenement buildings  
Unlimited killings, menaces marked for death  
Better known as the projects where junkies and rock  
heads dwell  
Though I owe to it my success

With survival of the fittest, everyday is a chal'  
I would think I'm a part of U.S.A. and be proud  
Confronted with racism, started to feel foreign  
Like the darker you are the realer your problems

I reached for the stars but I just kept slippin'  
On this life mission, never know what's next  
Ancient kings from Egypt up to Julius Cesar  
Had a piece of the globe, every continent

Yo, there's Asia, Africa, Europe, France, Japan  
Pakistan, America, Afghanistan  
Yo, there's Protestants, Jews, Blacks, Arabic's  
Call a truce, world peace, stop actin' like savages

No war, we should take time and think  
The bombs and tanks makes mankind extinct  
But since the beginning of time it's been men with arms  
fightin'  
Lost lives in the Towers and Pentagon, why then?  
Must it go on, we must stop the killin'  
Tell me why we die, we all God's children

All this hate can't last forever  
(Uh, c'mon)  
It's time that we stand together  
(Yeah, for the world)  
Everybody wants to rule the world  
(What, what, what, what, what, c'mon)

World  
(Peace)  
World  
(Peace)

World  
(Peace)  
World

Yo, there's brothers on the block, posted up like they  
own it  
That's they corner, from New York to California, got  
blocks locked down  
Like, "Dog you safe whenever you with me, see this is  
my town"  
So the youngsters, grows in ghettos, goes to prison

At an early age, already know it's against him  
So in order for him to survive, one day he must  
Open up his eyes to the set backs and rise  
'Cause, everybody wants a shot, in this land of  
opportunity

Look at what this country's got, there shouldn't be  
nobody homeless  
How can the president fix other problems when he ain't  
fixed home yet  
The earth wasn't made for one man to rule alone  
To all colors increases, to home it belongs

I want land, mansions, banks and gold  
The diamonds in Africa, oil in my control  
The world's natural resources, all it's residuals  
But then comes foes, I have to guard it with missels

And I become the most wanted  
But is it worth hearin' a million people problems  
And followed by Secret Service  
I guess attempts at my life with loaded barrels  
So move over Colin Powell or just throw in the towel, yo

All this hate can't last forever  
(Uh, c'mon)  
It's time that we stand together  
(Yeah, for the world)  
Everybody wants to rule the world  
(What, what, what, what, what, c'mon)

World  
(Peace)  
World  
(Peace)  
World  
(Peace)  
World

Y'all know that's my style, to hit you at the right time  
No other compares to what Nas write down  
Tell you my dreams, show you my pain is yours  
You could get what you love, be a chain in cause

You alive right now  
There's so many that's dead or locked up inside  
The beast, I'm a hot light now  
It's whatever man think of manifest to the real

The plan is to wake up 'cause time reveals  
All this hate can't forever last  
All my ghetto heroes in Heaven  
It's like you right here and never passed  
You just transcend, I know I'm gon' see you again  
Hopin' I reach the world leaders and win

Ain't nothin' without struggle, listen up it's critical  
We used to fear arms, now the weapons are chemical  
In hip-hop, the weapons are lyrical  
To be the best you challenge the best, then the  
blessings are spiritual

Top of the world for the kid and unless  
Any rapper's head off his shoulders no contest  
I know the Most High hear me, so fly you can't near me  
You scared of a mirror, my theory is that, knowledge is  
power  
To every projects and every street corner, we gotta get  
out of this now

All this hate can't last forever  
It's time that we stand together  
Everybody wants to rule the world  
(World)
