So listen up, I don't really need you saving me
'cause that's what all my friends are for.
And hear this, I don't need you to believe in me
'cause I've lost all my hope before.
You said it was just a kiss.
Hold tight and reminisce.
You say that you needed this
and I think you're full of it.

You don't believe
in anything I say.
You don't believe.

And we've got a problem here.
I'm sounding so sincere when I say
that you've got a hold on me.
And you've gotta tell me dear,
are you listening when I say
that baby I don't think I'll last another day?

I feel safe. And I'll be okay.
I'm not a useless boy for you to wrap your hands around.
Walk away, start forgetting yesterday.
Let me say this never meant a thing to me.

You don't believe
in anything I say.
You don't believe.

And we've got a problem here.
I'm sounding so sincere when I say
that you've got a hold on me.
And you've gotta tell me dear,
are you listening when I say
that baby I don't think I'll last another day?

Misery surely does love my company.

Misery just ain't the one for me.

And we've got a problem here.

I'm sounding so sincere when I say

that you've got a hold on me.

And you've gotta tell me dear,

are you listening when I say

that baby I don't think I'll last another day?

That baby I don't think I'll last another day.
