I want it so bad, i can taste it on her lips  
its funny to sit and think your Â.....  
its the way you move around the room  
that makes me need you

its something about her eyes  
that makes me think that i could not go on  
without you by my side

cause i need you  
and i want you  
and i need you  
now

i could get it right tonight  
it wont take me long this time  
cause i know that i love you

even if you've got another boy  
to keep inside those arms  
please know that i love you

in the city that never sleeps  
im a boy that does the same  
im just writing this to let you know that I  
think about it  
you know that i cant  
breathe without it

i want you to know

that i love you  
and i need you  
and i want you  
now

i could get it right tonight  
it wont take me long this time  
cause i know that i love you

even if you've got another boy  
to keep inside those arms

please know that i love you

ill forever scream your name  
i will never feel the same  
knowing all along  
how far weve gone

ill forever scream your name  
i will never feel the same  
knowing all along  
how far weve gone

i could get it right tonight  
it wont take me long this time  
cause i know that i love you

even if you've got another boy  
to keep inside those arms  
please know that i love you
