look at that girl  
shes unbelievable  
you know she type of girl  
that you read about

and im, im so convincined  
shes not in love

and i know  
shell drag you down deeper than  
the whole where hearts should be  
and shell fill it with  
cheap thrills you cant keep still  
shes making my head spin

i wont miss her while shes gone  
just remember she can always sing my songs

and i dont want to be the boy thats crazy  
about a girl that cant seem to phase me  
ive been thinking bout this for months  
im hoping that you know

and i dont want to see a girl thats crazy  
about a boy thats been different lately  
ive been thinking bout this for months  
im hoping that you know

i hope i never see her face again  
and i, hope she never falls in love again  
and now, im so convinced shes moving on

cause i will forget her  
and ill always regret her  
now i, hope she remembers as she goes  
i wont miss her while shes gone  
just remember she can always sing my songs

and i dont want to be the boy thats crazy  
about a girl that cant seem to phase me  
ive been thinking bout this for months  
im hoping that you know

and i dont want to see a girl thats crazy  
about a boy thats been different lately  
ive been thinking bout this for months  
im hoping that you know

i will forget her when shes gone  
and im so ready to move on

i will forget her when shes gone  
and im through singing her song

cause everyone deserves a second fighting chance

and i dont want to be the boy thats crazy  
about a girl that cant seem to phase me  
ive been thinking bout this for months  
im hoping that you know

and i dont want to see a girl thats crazy  
about a boy thats been different lately  
ive been thinking bout this for months  
im hoping that you know

oh im so sure  
you know
