Well I was hoping you and I  
could break the ice just right tonight  
as she whispers in my ear "come on boy",  
And I've got nothing left to say.  
I just hope it goes my way.  
Every useless little thing wasn't worth it.

So get out, let down, worthless again  
and I'm left at the start of it all.

I know that you're not worth it.  
Don't drag me down that road again.  
Find out soon enough it's not enough.

Funny how you seem so perfect  
to all those boys you're letting in.  
Find out soon enough it's not enough.

I'll find my own way home some how.  
I'm losing sight of what we had.  
I hope you're thinking of me now  
and how I'm worth it.

So get out, let down, worthless again  
and I'm left at the start of it all. (of it all. woah oh)

I know that you're not worth it.  
Don't drag me down that road again.  
Find out soon enough it's not enough.

Funny how you seem so perfect  
to all those boys you're letting in.  
Find out soon enough it's not enough.

So let go. You know, I'm worth it.

I know that you're not worth it.

Don't drag me down that road again.  
Find out soon enough it's not enough.

Funny how you seem so perfect  
to all those boys you're letting in.  
Find out soon enough it's not enough.  
Oh it's not enough
