If I'm a coward, then you're a cheat
You made me feel so useless in my defeat
I've got one train ticket home
or the choice to stay with you
And I can't just stop to ask myself just what am I to do
when you say?

Take a breath you've got this, it's all worth waiting on
Take a breath you've got me now

Cause she left her boyfriend waiting up in California
And she says the west coasts' not enough,
well it's just not enough

But you got me wrong (you got me wrong)
But you got me wrong (you got me wrong)
She says that 'that's her love song...
oh it's on
it's our love song

You've gotta make your call tonight or girl I'm leaving you
That's when she turns to ask me just what am I to do
when you say

Take a breath you've got this, it's all worth waiting on
Take a breath you've got me now

Cause she left her boyfriend waiting up in California
And she says the west coasts' not enough,
well it's just not enough

But you got me wrong (you got me wrong)
But you got me wrong (you got me wrong)
She says that 'that's her love song...
oh it's on, it's on, it's on

Cause she left her boyfriend waiting up in California

And she says the west coasts' not enough
Cause she left her boyfriend waiting up in California
And she says the west coasts' not enough,
well it's just not enough

But you got me wrong (you got me wrong)
But you got me wrong (you got me wrong)

Oh it's on, it's on, it's on
