There's a difference between the love and the lie  
She can't seem to find the reason why  
she ever had a doubtful thought of me  
It's obvious that you can't see

What's the difference between feeling lost and lonely,  
so far from me?  
What's the purpose of your lying?  
Please stop crying, I stopped trying

And you can say,  
You can say what you need to.  
And you can say,  
you can say what you need to say...

You can't take the heart from me,  
that's when she said  
"Well I think I'm over this"  
And I'm so sick of her indecisiveness  
And there might be no better boy than me,  
but I still say the reason I believed in you and me

We half-heartedly chased our dreams to negate responsibilities  
Never take the blame for what we've done  
Now tell me again that I'm the only one

What's the difference between feeling lost and lonely,  
so far from me?  
What's the purpose of your lying?  
Keep on crying I stopped trying

And you can say,  
You can say what you need to.  
And you can say,  
you can say what you need to say...

You can't take the heart from me,  
that's when she said  
"Well I think I'm over this"  
And I'm so sick of her indecisiveness  
And there might be no better boy then me,  
but I still say the reason I believed in you and me (you and me)

And go... (Go)  
Can't take the heart out of me, I'm not that kind of boy  
You can't take the heart out of me, I'm not that kind of boy

That's when she said  
"Well I think I'm over this"  
And I'm so sick of her indecisiveness  
And there might be no better boy then me,  
but I still say the reason I believed in you and me
