It's Lil B, it's Based Jam!
You niggas running, I'mma give it to him close
Get them off the you don't know...
In the game, and nigga, I don't see bitch
I hit them back to back and fuck the rich bitch!
I'mma tell you about this gangsta shit
I'mma tell you about this niggas that I fuck with
Yeah, and I'm still with the
And I'm still with the
Every time I lead the game, I'm always coming right
back
Peace to the pussy, let's... on their back
Cause to karma come back!
You would talk all night, but niggas wouldn't care
Know how it feels to know you're not there
You gotta step back and watch the game from the top
How you gonna live when you can't work the pots?
How you gonna lose when you people on top?
People get lost, but you got off the block
For real! Music to your ears cause I know you're living
hot
Let me tell you like this, all this fake shit stops
Why they have to hate the ones that gifted,
You know we're all gifted package, wrapped up with
love and magic
Love and magic when we thought that it couldn't
happen

Niggas talking in the game, is where they pass rapping
... money at the table, bitch pass a napkin
You can say I turned faith, but that never happened
Never would, you can hate, but you never should
... out in the hood
Shit real, when you really see my face, man
The whole world waiting on me like you're space jam
Real talk, I made a song with the best rapper
You could call me, the Lord's rapper
I speak cause you know that the is faster
Bitch, you know I'm a mother fucker bastard
Summer time in with the barbecue
... and I fuck with you!

Crazy how they keep you in one spot
Gotta wake up, real kid on the block
Niggers opposed even called a block
... everybody pushed a lot
And that shit sick, I'm coming from the ghetto
I'm that pretty bitch, yeah!

You're the boss!
You know we're tugging, man
I'mma tell you like...
I keep it gangsta all day with that mother fucker
You know it!
I'm still sipping high, riding high,
You know I'm so fly
