I don't know why I still stick around with you
Hey girl you be really tripping you feel me (basegod)
ya know, shouts out to the dudes who be sticking with
their women through all the bad good and all that

I don't know why I love you like I do, nobody in the
world can get along with you
People stay talking shit but I'm a stay with you
You're under oath, when it rain no undercoat
I like thunder and when I see your eyes, bitch stop lying
I read your body
your soul

An open book come back I don't overlook sometimes
your sweet as nobody
I helped you out with no shoes I was coming out pocket
Laying low in the hood when I was dumbing out rocking
You seem to forget, it was easy to get, till you seen it
was easy to split
now you getting emotional, don't trip
you didn't take care first, so why you're all on my dick?
Think about it bitch, hating on another day, I'm getting
out and I split, bitch

Yesssss, don't act like you care about me
Man you the type of girl that get a man set up
You be fucking him, loving him, be lying to us
You going to hurt that boy's feeling with that fake shit
Why you creeping out hopping on a rich nigga dick?
When you got a man at home that hold shit down
What now you want to see some new shit, bitch you foul
Don't act like....ya'll, be honest

Look me in the eye, you suck that boy dick with no
problem
From a ho to a housewife, housewife to a ho, nigga the
time come and go
I guess you like giving out the blues, you satisfied with
that, fuck that bitch and peep this
Get your shit together, I'm on the streets bitch
She loving that, I'm bringing home the bacon
I'm never taking these fake ass hos and playing hating
I'm calling you up on your shit and never forgiving,
what's the word bitch it ain't no limit

Fuck these hos that claiming that they love me, but they don't, but they don't, bitch you're wrong, and you know you're wrong (and you know you're wrong)

This is for the hos that love me and they really don't
Claiming that they love me, but bitch you really don't,
you're wrong (you wrong, you really don't)
