"That's what's happening
In America right now
Change is what's happening
In America right now"

We made history
For the first time ever
Like I said, things'll never be the same
Keep your head up, one love
One life to live

[Hook - Lil B]

I'mma ask how you doing today
We gonna win somehow, someway
The world going through a critical change
I just want us to be ok

Now I sit back, dreaming a dream
Coming from my heart, I think
You should listen
I came from the top
And hit the bottom
I never came from the bottom
That's just a facade
Like seeing water in the desert
This song is depressing
But it's uplifting
Holding on to my spirit
I'm so grateful that you hear it
It's so live when you quote my lyrics
And the sun is coming out
Chains is dead
You're running a race, just pace yourself
Love for ease
I live for it, I'mma take it and leave
Loving my seed, all them new kids
Fathers is poppin
Just promise one thing, it's on the option
Bring us together, now or never
Part through the crowds just to see the weather
I got enough room to take us together

More real friends: let's get this cheddar
Last but not least, the cheddar
I'm down for whatever
Don't forget I down forever
This is my letter to my fans of 2011
Things have changed, I do accept it
You gonna live forever
BasedWorld

Yeah, there is a change
But you know, it's not bad
Let's live this one life we got
