Yeah, say it one time,
Yeah, lil b give it one time, two time...
One more time for the motherfuckin' world, let's go!
Yeah... basedgod

[Verse 1]

Too blessed to have a second chance,
Lil b I never should've been in jail,
Cause I'm too smart, too hard bodied,
Fear nobody, coming out real cocky,
Respect everybody that show respect
Fake niggaz, fucking up the game
Real men like me see through the flames,
Nigga talk to the game,
Figure out money makes you happy,
Maybe I could devil for sure had me,
Happy to be grinding from the bottom,
Nigga travel everywhere bring summer to autumn
Flying out over the buildings, lil b rapping,
If fo' sho gonna kill em, nigga ride or die if the fo fo hit
em,
Leave em a bag, happy thanksgiving, lil b!

One more time, let's go
Give it up one time for the life (let's go)
Give it up one time for the world (all right, it's all
right...)
Whoo... yes
Like I said
One time for the people up top, let's go,
New york city (it's aight...)

[Verse 2]

Please tell me if I live too large,
Bought a new house how I get so far,
Life's not about cocky but sometimes you gotta treat
yourself.
Sippin that basedgod benign all black car all white
inside,
Whole new floor whole new design,
Rich off rap all I do is rhyme,

Shoutout to grandmother even though I don't call,
You know granny I love you,
And I do this for you beside myself,
Got a huge ego I'm beside myself,
Got a life that's beside myself,
Red cross can't deny my help,
So raw, I could blind myself
From the future Â– had to blind myself, yeah
Live life, everything I did... I did it so right
One time for the motherfucking world let's go!

Uh, I done lived my life
I done did everything I want
Now I gotta spread this love

I done lived my life
Did everything that I want
Now I got to spread this love.

[Outro]

Give it up one time for the up top,
One time for the bottom,
One time for the left side,
One time for the autumn,
One time for the summer,
One time for the winter,
One time for the baby girls and the mothers.
And the sinners, the believers
The underachievers, the dreamers,
Everybody in the middle,
Everybody on the side,
Everybody feelin' little to the tallest,
To the shortest,
To people in new orleans, to people on the east coast,
the west coast,
Down south, midwest, we the best, it's lil bars than ever
One time it's lil b based world wassup
Give it up one time for the world, everybody in the
building let's go!
One time for up top,
I see...
Ladies how you feelin' tonight baby I see you looking
great..
You know I see you... uh, we gettin' it, 2011 let's go.
One time for the world, speak up, make some noise
