I wish i told you more earlier what happened  
I couldnt  
Swallow my pride ..  
Yeahh,  
And its crazy as you heard it from somebody else  
And now u asking me why  
Dont know why i did that to you  
i swear i thought you made me complete  
Sorry i made you look like a fool  
But i needed someone here with me

Why werent you there when i needed you by my side  
Why werent you there when you made everything so  
right  
Why werent you there cause it hurts like hell to know  
that were thought  
but finally Im telling you the truth

I wish this situation wasnt so complicated  
But you deserve to know  
Ahh, one day led to another  
Stop thinking about us  
Then I couldnt do it no more  
dont know why I did that to you  
i swear i thought you made me complete  
Sorry i made you look like a fool  
But i needed someone here with me

Why werent you there when i needed you by my side  
Why werent you there when you made everything so  
right  
Why werent you there cause its hurts like hell to know  
that were thought  
but finally Im telling you the truth

This is also sad  
And I cant take It back  
And to see you cry  
Makes me feels so bad  
I Wish I could take this big mistake  
Make it go away but its too late

Why werent you there when i needed you by my side  
Why werent you there when you made everything so  
right  
Why werent you there cause its hurts like hell to know  
that were trough  
But finally Im telling you the truth
