Ghetto Stories..

Gramdma always told me, that shit easy to get in, but hard to get out.

Chorus: 8 motherfuckers got loaded, 8 motherfuckers got dusted and disgusted. 4 of them niggas couldn't control it, couple niggas went too hard and flipped out. Now 2 of them niggas gone jos it, gaaaaah daamn! (Why?) Cuz 8 motherfuckers got loaded, 8 motherfuckers got dusted and disgusted.

It all start off with a club night, a club fight to a night you'll never forget, real shit. Remember that murder case with slick, that took down like 6, well somebody had to drown cuz only 2 went down. How many fist fights that lead to murder (so many mane) niggas can't take a ass whippin, they come and spit that thang. Call Joe and Buck to handle business, I heard they layed it down. Niggas talk they got L's for tryna help they round. How many times we had to fight and couldn't control it cuz Head Busser and Titus got too loaded, can't even count. That's how it start off niggas come through be tryna bounce, out ya body like Big Whop, a getcha stopped. So make sho every nigga that's buckin' with ya, they ridin' with ya. Die with ya get on the stand and lie with ya. If you aint bout slanggin' no iron talk to hoes but them 4's they in the middle of the floor like let's get ready to rumble!

chorus: 8 mother fuckers got loaded. 8 motherfuckers got dusted and digusted. 4 of them niggas couldn't control it. Couple niggas went too hard and flipped out. Now 2 of them niggas gone jos it. Gaaaah daaamn (why?) cuz 8 motherfuckers got loaded, 8 motherfuckers got dusted and disgusted..
