See first of all, I know these so called players wouldn't  
tell you this  
But, Imma be real and say what's on my heart  
Lets take this chance to make this love feel relevant  
Didn't you know I loved you from the start yeah

Then I think about, all the years we put in this  
relationship  
Who knew we'd make it this far  
Then I think about, where would I be if we were to just  
fall apart  
And I can't stand the thought of losing you

Chorus:  
Meet me at the altar in your white dress  
We ain't gettin no younger we might as well do it  
Been feelin' you all the while girl I must confess  
Girl let's just get married I just want to get married

Meet me at the alter in your white dress  
We ain't gettin no younger we might as well do it  
Been feelin' you all the while girl and I must confess  
Lets get married

Said I done it all, but frankly girl I'm tired of this  
emptiness  
I wanna come home to you and only you  
Cause making love to just anyone ain't happenin'  
I just gotta be with you  
Did you think about, us finishing something we started  
so long ago  
I wanna give you my all  
And did you think about, maybe us having some babies  
come on wont you be my lady  
forever girl

im ready to commit to you  
and i just cant wait for that night  
cuz i need you here with me,  
and lets start a family
