Lil Boosie, Bad A***, lemme tell you somethin'
When I was 16 or 17, my mama looked at me
She said, "Boosie, son, get on your motherf***"

Big money, I like it
I used to have *** who triffin'
Now I got pro's who dykin'
And it's exciting, it's exciting

I had to get my *** together, man, I didn't like it
I had too many *** who triffin'
Dirty shell toes and Nikes
I didn't like it, it wasn't exciting

Until I got money, I got icy
*** got right, they got feisty
They try to put me in the studio, I kept writin'
Droppin' that gangsta *** and it's exciting

Purple after purple, man, we kept lightin'
Concert after concert, man, we kept flightin'
We struck the world real quick like lightnin'
You *** rap ***, stop bitin'

I use to *** with lil' girls with lil' minds who wasn't
grown yet
So 'fore you wear a thong, get your *** in check
You hygiene a motherf***, you suppose to stay smellin'
right
Especially if you got a *** wit money, that's what he like

Big money, I like it
I used to have *** who triffin'
Now I got pro's who dykin'
And it's exciting, it's exciting

Big money, I like it
I used to have *** who triffin'
Now I got pro's who dykin'
And it's exciting, it's exciting

And all of my shows be exciting

*** grabbin' on my ***, wan' bit it
Didn't yo' mama teach you better? You trufflin'
Just chill, after my show, you can lick me like icin'

Money make your life better, so *** what they say
Girls be wan' G'ed up every time they look in yo' face
She use to kiss me on my neck
Now she suck me 'til that *** get wet

I remember way back, when I use to *** rats
When they move dem daisy dukes and had dat ***
sittin' fat
Now a *** gettin' stacks, I do whatever I like
I hit 'em Asian, black or white, I have my pleasure wit
dykes

I'm first class on every flight, I'm a big dog
In the Super Bowl, I'm front row, where is y'all?
Look, I used to *** with hoes who like to cut yo' tires up
Now I'm bread and they can't even get a nut

Big money, I like it
I used to have *** who trufflin'
Now I got pro's who dykin'
And it's exciting, it's exciting

Big money, I like it
I used to have *** who trufflin'
Now I got pro's who dykin'
And it's exciting, it's exciting

I been livin' like a timer and I like it
Hittin' *** baby mamas and they wifey's
The rims all shinin', dress nicely
Pose wit the white tee, fresh white G Nikes

White Coogi or I might be new S.U.V.
Doin' 90, lookin' for the right weed
For the right fee, hit it once or twice a week
My eyes tightenin'

Now I'm goin' faster, I swerve slightly
To the left lane, then I came back right
[Incomprehensible] tightly 'cause it might be
My night, you know we got *** dyin' nightly

A night out wit a nice freak, she half white, she clean up
Lick a *** 'cause she like me
Find another me up in these streets is unlikely
Don't hit me on the phone later on 'cause I might be
gone

Big money, I like it
I used to have *** who trifflin'
Now I got pro's who dykin'
And it's exciting, it's exciting

Big money, I like it
I used to have *** who trifflin'
Now I got pro's who dykin'
And it's exciting, it's exciting
