Look In Memory of my brother dee My brother dee huh

them destroy me That's my phone ringing Who the fuck  
is bee (is bee) Mane get down here A bitch nigga just  
murdered dee I dropped down to my knees And asked  
the lord please Don't let this here be my brother I'll  
make you bitches bleed Know out here looking,  
stressing It wasn't his time to leave (time to leave)  
Remember nissing when we hit licks And rode D's and  
scored Key's and OG's Mane it was ugly Went from a  
old cutlass To a new caddy on buttons See we was  
thuggin' I can't believe you dead In the paper I read  
Got me fucked up in the head Remember what you said  
You'll be there to the end I would rather you lock down  
And go into the pin We live that life of sin So I guess we  
gotta suffer I just talked to lil' India She said tell her  
daddy see love 'em This just really your lil brother And I  
hope you pray for me And I hope you watch over your  
brother While I'm on the streets ??? Rest in peace A  
cold hearted killa out that south Dismissing your issue  
If you ever shot em out He straight jacking you bitches  
up in tha drought Know matter what he hit for Look we  
parlayed it out.... Chorus: It seems like imma lose my  
mind Cause I lost so many of my time And it hurts me  
down to my soul But I never ever let you go (2x) Look  
Look Dee bitch said he told 'em (I know him) He got  
killed but he Left one in tha comma (you lying) him and  
da nigga terry They had a lick For two bricks Busted  
open a nigga shit And start taping niggas up quick One  
nigga felt for his life So he starts to wrestle That boy  
terry panic And shot dee off in tha bladder He fell to  
the floor Blood all over the bed Terry dropped the gun  
and fled And left dee up in the house dead Ole' bitch  
ass nigga Not knowing what you doing My brother you  
just ruining Left my family boo hooing My brother you  
just ruining Left my family boo hooing My brother you  
just ruining Left my family boo hooing Sleepless nights  
as he gone And we grow Niggas wanna test That's why  
I keep dat dirty heat chrome I'll bloods keep So imma  
be strong Don't let these niggas get the best of you  
Riding late at night Wit that chopper tryinna check a fool

Chorus 2x My soul Mane.... When I lost my nigga Ivy I  
lost a quarter mill Every time I leave this lil drought One  
fall wit all my cheese Bathing Apes on our feet We live  
da good life He told me don't get in that car dat night  
He saved my life So in return Ratchet hatchet got you  
nigga From your son to your girl Never let your name  
die Long as I'm in this world When you died I cried  
days Throw my hat to the front I lost weight, sip dallas  
Smoked blunt after blunt And I miss my big dog  
Mane...Shit my big dog Had swag in my last pocket Kiss  
my big dog I told keith I got them believing And any  
nigga talking on CD Gotta see me Dat nigga took my  
main man Its fucked up Nigga took a bulldog mane  
Now tha hood aint the same And I'll never let you die I  
mean that I'ma send your kids to college This one here
