[Intro:]

Uh huh Lil Boosie this me nigga gangsta ima do some

[Chorus:]

I been goin' thru some thangs

And don't nobody understand me man

I want ride candy man

I been goin' thru some thangs

Hopin' my niggas stay the same

But they always change

I been goin' thru some thangs

[Boosie:]

I been goin' thru some shit

From my niggas to my bitch

And these niggas wanna snitch

I wanna get rich

But sometimes I don't believe (why?)

Tryna to sell 100, 000

But they burnin' my CD's (that's fucked up)

Niggas and bitches

Please

Won't you get me help
Get your ass up off the computer
And buy this shit up off the shelf
Cause I wanna ride candy man
Just like the others
Sometimes I wish I shoulda take the good route
Like my brother
These niggas say they love ya
But they steal ya dope
How you a rat like that
And try to steal ya ho
I still cope
And these niggas wanna rap about you
Know you a soldier
But they still wanna bring that savage out you
To get exposed
And these hoes they for the money
Tell your old lady dirty lies
But they know they frontin'
Check this out
In baton rouge
It's real wicked
Can't go platinum down here
Cause this ain't New York City
And all my cousins doin' time
Thuggin' in the pen

I'm thinkin' bout em

Everytime I take a sip of henn

And I ain't gonna lie

I don't wanna be like camoflauge

I met him one week

The next week he died

I almost cried

Damn

[Chorus:]

I been goin' thru some thangs

And don't nobody understand me man

I want rock candy man

I been goin' thru some thangs

Hopin' my niggas stay the same

But they always change

I been goin' thru some thangs

And don't nobody understand me man

I want rock candy man

I been goin' thru some thangs

Hopin' my niggas stay the same

But they always change

They hatin' cause I'm VIP

Ride through my city

With my hat bent like TIP

I'm all G

They got a niggas signin a deals
But they can't talk like I be talkin'
Cause I spit the real
Till I get killed
These niggas changin' like a weather
Think he your nigga
But you lookin' at the fuckin' devil
Who want your bezzle
And that voice that he wish he had
Jealousy got niggas creepin' down to bust ya ass
We livin' fast
But you know dats how it gotta be
Money cars clothes and hoes
Till they pocket me
This for my niggas down in Texas
On them fuckin' swingers
Who got the whole other side of town
Wanna stank em
I'm stressin' cause the things I did
Not wearin a rubber got me stuck now with three kids
This shit is real
Wish I had a real friend to holla
They tend to laugh
When I tell em bout my fuckin problems
But I be stackin' my bread
So Ima be straight when I'm gone

I been prayin' for webbie

Cause webbie wild with that crown

[Chorus:]

I been goin' thru some thangs

And don't nobody understand me man

I want ride candy man

I been goin' thru some thangs

Hopin' my niggas stay the same

But they always change

I been goin' thru some thangs

And don't nobody understand me man

I want ride candy man

I been goin' thru some thangs

Hopin' my niggas stay the same

But they always change

[Boosie:]

I'm sippin gallons tryin' to ease the pain

Hopin my niggas keep it gutta

But they seem to change

That's why I'm solo

Blowin' dodo in a different city

Thinkin' these niggas tryin' to do me

But they rollin' wit me

My ho da sickest

She listen to what the streets say

That got me stressin
Cause she might be leavin' anyday
I try to pray
But when I holla he ain't holla back
That's why I'm missin' prayer daily
Tryin' to get these stacks
Why that
The situation that I'm in
The judge tryin' to send me to the pen
And give me ten
And do me in
Got me stressin' on some major shit
My mama agin'
And my grandma and my baby's sick
This hatin' shit
Got me one step away from clickin'
This me against the world livin'
Got all my people bitchin'
I look my mama in her eye
Told her respect the game
She like boosie leave it alone
Look at craig ganes
Damn
[Chorus:]
I been goin' thru some thangs
And don't nobody understand me man

I want ride candy man
I been goin' thru some thangs
Hopin' my niggas stay the same
But they always change
I been goin' thru some thangs
And don't nobody understand me man
I want ride candy man
I been goin' thru some thangs
Hopin' my niggas stay the same
But they always change
[Outro:]
That's real life right here
You go through so much
You know what I'm sayin'
Nigga be thinkin' nigga be ballin'
But a nigga be strugglin' at the same time
Why they be ballin' man
I been goin' through some thangs
I been goin' through some thangs
And don't nobody understand me man
I want ride candy man
But don't nobody understand me man
I want ride candy man
But don't nobody understand me man
