"Set It Off"

Visit "[Set It Off](#)" on MotoLyrics.com

Yeah, we finna set it off in this muthaf***, you heard me?

I'm finna put you *** ass *** in the trash can

What you talkin' 'bout, ***?

I'm tired of all y'all ***

Y'all annoyin' me now for real, ***

You wanna talk s***? You wanna run your mouth?

You want some gangstas front your muthaf*** house?

We'll set this *** off, yeah, set this *** off

We'll set this *** off, set this *** off

They call me Bad A** and I'll punish you

You ain't my equal, we ain't people and I ain't one of you

Since '98, I grabbed my plate up off the lunch table

I told Mama I'm thuggin' outside, we don't need cable

Now I'm the nipples on the ***, I'm the motor called a Hummy

I'm the V-12 in that 760, you ***

We real *** with G-codes, love to go in 'Beast' mode

We thuggin', we all got bread

So if we fall, we the crutches, we the dodo in the dutches

I'm the photo in the camera, I'm the *** when it snap ya

I got the sickest Beamer, I got the sickest Magnum

I got the sickest charger, y'all's 30, mine's 40

I told you ***, Webbie and me, 'fore you get stretched in the street

This the day that you gon' be deceased for playin' with a beast

I told Turk take off my collar, I'm finna take it there

You *** ain't playin' my projects, y'all played at the fair

Trill Entertainment, that's my thugs there, it's love there

D.A., don't search my house 'cuz there ain't no muthaf*** drugs there

We smart with this s***, we got retarded with this s***

Duce-Duce up in my shoe, I set it off up in this ***

Set it off in this muthaf*** set it off
My click, all dogs, ***, don't make us set it off
Set it off in this muthaf*** set it off
My click, all dogs, ***, don't make us set it off

Set it off in this muthaf*** set it off
You jumpin' like a frog, we'll put you on that wall
Set it off in this muthaf*** set it off
My click, all dogs, ***, don't make us set it off

Man, I be thuggin', I be fresh, I be super clean
With Gucci shades, wit some J's you ain't never seen
The race car jacket with 'bout 80 *** patches
With the car to match it, Tony Stewart, it's a classic

Y'all penny pinchin', *** we spendin' on y'all ***
Call Savage from the back
Come pour some Henny on these *** man
You don't wanna *** wit me, I learned from the streets
I roll wit my heat, never turn on my peeps

'Cuz I'm gutta, came out my mama a hustla
Been through the rain and the pain, now I'm a dirty
muthaf***
I'll hurt a muthaf***, set it off in this ***
Y'all *** coughin' in this ***, we flossin' in this ***

And I walk real well, *** goin' to jail
Come home and set it off and get ya mail
I got a mind full of evil thoughts
So don't get ya people caught 'round my people house
'Cuz believe me, I'ma set it off

Set it off in this muthaf*** set it off
My click, all dogs, ***, don't make us set it off
Set it off in this muthaf*** set it off
My click, all dogs, ***, don't make us set it off

Set it off in this muthaf*** set it off
You jumpin' like a frog, we'll put you on that wall
Set it off in this muthaf*** set it off
My click, all dogs, ***, don't make us set it off

Oh, you bucked up and f*** up and you ain't got no
mind
Don't even respect your elders, no, you ain't respectin'
mine
But I'm gon' hit you wit that n***, put some sense in
you

Shoulda put somethin' on your *** when you was a lil'

But you won't play wit the real ***, well set it off
You scared to let it off, plus your daddy was no dog
Your mama had more heart than your daddy, ***
He ain't gon' set nothin' off, that's who made you soft

***, you wan' come in the south, where it get dumb in
that drought
Where *** whyle out like O dog and run in your house
And run in your mouth, it's crucial, watch what you say
'bout Boosie
'Cuz 'Boosie to U***, that is hip main foolish

I ain't never had s*** but I can f*** a bad ***
Quicker that you can count to 6, 1, 2, 3, 4, 5, 6, she hit
I don't play, I lay laws, you my size, I break jaws
Get disrespected at all, I set it off

I set it off in this muthaf***
Don't make me let it off in this muthaf***
And you gon' respect a dog up in this muthaf***
'Cuz I'll set it off

I set it off in this muthaf***
Don't make me let it off in this muthaf***
And you gon' respect a dog up in this muthaf***
'Cuz I'll set it off, set if off

I'll set it off, yeah, this Boosie, Bad A**
And it ain't no game wit me, you heard me?
Ain't *** ain't nobody *** wit me
Out there right now, you heard me?

I'm comin' sick, straight from the heart of Baton
You know what I'm sayin'?
I hear these streets, you know what I'm sayin'?
I'd took you from anywhere

You can put this *** in the White House
Their song, it ain't no game with me, n***
And if you don't like me, you're lame
Well, go and set it off, yeah
