Baby I love you and I'll never let you go  
But if I have to, boy I think that you should know  
All the love we made could never be erased  
And I promise you that you will never be replaced

Baby I love you and I'll never let you go  
But if I have to, boy I think that you should know  
The love we made could never be erased  
And I promise you that you will never be replaced

I love you, yes I do(yes I do)  
I'll be with you as long as you want me to  
Until,(until) the end(the end), of time(of time)  
From the day I met you, I knew we'd be together  
And now I know I want to be with you forever  
I want to marry you  
And I wanna have your kid  
They can never compare to the feeling of your kisses

I can say I'm truly happy to this day  
You made me thank god that I live my life everyday

There's never been a doubt in my mind  
That I regret ever having you by my side  
But if the day comes that I have to let you go  
I think there's something I should probably let you  
should know  
I enjoyed everyday that I spent with you  
And I won't miss you cause I'm happy that I had you at  
all

Baby I love you and I'll never let you go  
But if I have to, boy I think that you should know  
All the love we made could never be erased  
And I promise you that you will never be replaced

Baby I love you and I'll never let you go  
But if I have to, boy I think that you should know  
All the love we made could never be erased  
And I promise you that you will never be replaced

Baby I love you yes I do

I will be with you as long as you want me to  
Until the end of time
