[Chorus:]

Every time we touch I get this feeling
Every time we kiss I swear I could fly
Can't u feel my heart beat fast?
I want this to last
Need you by my side cause [x2]
Every time we touch...

[Verse 1:]

When we're 2gether I get this feeling that you are the
one
You're the one that I need that makes my heart [?]
Being with you makes me complete
Seeing you with me is like a hundred percent more
then what it should be
You don't know how you make me feel
You got me feeling successful
And I call it done deal
You're the wonder in my eyes
Which makes me realize
That I can't believe that you are mines (every time we
touch)
You give me your respect
I feel so respected
The way you show me
The way I feel get me so hectic
Cause I don't treat you the way you treat me
Makes my heart show what happens
Skip a beat giving me hostile makes it sweet
And I'm always here to make us full
In a sense you're always know is that
I'll never let you go
All I wanted you to know
In the future what ever happens
I'll always be here through ups and downs
The future and the present

[Chorus]

[Verse 2:]

I feel the love
I feel I must give you my trust

Cause there's no I in us
Sometimes we fight with frust.
But there's [?] relationship
Since we started making it
You took my heart and
I realize love is all we paintin it
But not brush strokes
We use love notes
And I sign my name next to the X and O
I want the rest to know
About the game
We don't need a referee to make this whole thing
official
Cause you're special
Bless like an angel
I treat you as my baby except without the cradle
I get this feeling when I hear your ring tone ringing
Cause you're bringing a new meaning to my life but
you don't see it cause
Love is blind
But you're the love of mine
And now I will never double cross you like a number
sign
And we don't pay attention to them other dimes
Cause you own the whole entire like your name is
underline

[Chorus]

[Verse 3:]

Every time we touch I get this feeling in my stomach
When I hold you in my arms (girl)
You know you love it and
When I hold you
I never wanna let you go (no)
Cause it gets so cold without the warmth that you [?]
You were the one for me
When I first saw you
Everything you wanted and my heart was all for you
(you)
I never fell in love before
But I knew from the start
You're sharp like a bullet
So just came from my heart
Every night it feels right
Just to have you by my side
You bright like a star but I would never add you to the
sky
Get this feeling in
And how?
No one would tell me how

And when I'm with you
I feel like an angel in the clouds
I'm telling you the truth
When I say you're like no other
Cause I see a snow angel even when it's in the summer
I felt a little fitted
But you add a color to my life before you sleep
That's why I tell you
I love you and it ain't a lie

[BRIDGE:]

Oh the good and the bad times
We've been through them all
You make me rise when I fly

Cause every time we touch I get this feeling
Every time we kiss I swear I could fly
Can't you feel my heart beat fast
I want this to last
Need you by my side
Cause every time we touch
Every time we kiss I reach for the sky
Can't you feel my heart beat fast
I can't let you go
Wants you in my life
Every time we touch I feel excited
Every time we kiss I reach for the sky
Can't you feel my heart beat so
I can't let you go
Want you in my life
