I cant sleep with out her
I need her real close
she the girl of my dreams with my eyes close
im having nightmares like shes been with someone
new
my mind is playing tricks is that something she
wouldn't do
shes always been there to give me all the love she had
I guess i didn't truly know what I really had but now im
really sad
hoping that she comes back i know i hurt her but i
didn't mean to do that
i wish that i could take it all back show her so she knows
that
shes the only girl that gives me butterflies
and I aint lying I love her till im dying and real talk the
only gurl that's on my mind
and I aint gonna fake it I was happy with my lady
its got me going crazy cause i haven't seen her lately
shes all I need around she always makes it better
if shes a bird then im a bird and we gonna fly together

Forgive my past but love i need your touch your the
only one I never should of done you wrong
Forgive my past but love i need your touch your the
only one I never should of done you wrong

And ill do anything just so I could let her know
that shes the love of my life don't wanna let her go
and it just breaks my heart knowing that i made her cry
no way to explain all the pain I feel inside
I wish i had another chance and i would make it right
cause shes the only gurl to ever need in my life
I hope she thinks of me whats the truth she probably
don't
and i don't blame her at the end I know her heart was
broke
and now all I hope is that she misses me
and when she lays down asleep I hope she dreams of
me
and how we use to be when we were still as one
I don't want no one else shes my only one

shes bringing out my sun that's what i'm talking bout
im not embarrassed never was I want to scream it out
I know that I was wrong babey I apologize
no way that i could hide you could see it in my eyes

Forgive my past but love i need your touch your the
only one I never should of done you wrong
Forgive my past but love i need your touch your the
only one I never should of done you wrong

I never meant to harm you're precious little heart
if I could change you're mind pleas let me and be mine
if you're a bird and im a bird lets fly away above the
earth
lets fly away

Forgive my past but love i need your touch your the
only one I never should of done you wrong
Forgive my past but love i need your touch your the
only one I never should of done you wrong
