verse1:cause you goin down,all the way down,  
ima beat you to the ground in yo town.  
cause everybody comes to take pics of me,  
cause im krayzie lil d.cause im dominic aka lil d,  
but when i go krayzie,they call me krayzie d.  
i could make a beat and beat you in the street,  
cause everybody know that you goin against me.  
cause ima win and you gonna loose,  
if you wanna fight me thats somethin you choose.  
cause im lil d and no one cant beat me in the street,if u  
wanna fight me than you gonna get beat.

Chorus(2):cause you goin down,all the way down,  
ima beat you to the ground in yo town.

verse2:cause lil d is back,on this track,  
you gonna get smacked cause im krayzie like that.  
cause im lil d and you dont know me,  
if you run up than ima beat you in the street.  
cause i never got beat in the streets before,  
after you get beat you might get beat somemore.  
cause when im in the hood i get alot of money,  
go to the club and get alot of honeys.  
if you wanna start somethin than you betta roll,  
before lil d goes out of control.  
cause im lil d and you will get smacked,  
you like morris chesnut gettin shot in the back.

Chorus(repeatly):cause you goin down,all the way  
down,  
ima beat you to the ground in yo town.
