know that time is limited, i got alot of sky miles  
hey for makin it worst, i was working double shifts like  
a

then hit that slope on em now my rise over run

(chorus)

Different cities for these different days  
it's a daze lately i've been smoking on some different  
haze  
employers hate the day when you find something  
different pays  
remember rapping my parents would tell me it's a  
phase, yeah  
well i'm sorry it's not i'm calling the shots  
i gotta give it all that i got, yeah  
knowledge is power i can't wait to see my mind climb  
and so does she, she can't wait to give me einstein  
but she can't call it a quicky  
peanut butter love, i be gone in a jiffy yeah  
see what else do we have but integrity

at which point do you become celebrity  
they want my signature but i don't write allegedly  
allegedly a monster can you feel the energy  
even though i'm about to change latitude  
never stressin I take it easy nigga with attitude

(chorus)
