I got your back and I'm always gonna hold you down,
down
Even though sometimes it seems I'm never around
yeah yeah
I'm gonna roll on tour but I promise I'll be back to you
It's you that I want to see, with you is where I wanna be
Always, Always, Always

They gotta love it here
This is something they could rap to
Noah asked me to do it, I said I got to
And, I used to dream about them mean girls
But I had to learn to pay attention in the free world
This life we live is fast so many days have passed
I need my boarding pass
Somebody pour a glass
Shot to the roots, this is how I got over
I once was a kid somehow I got older
Now I'm deep man somehow I'm heep man
Infatuated with griddy Puerto Ricans
They call me Cubby when I wubby bring the seats in
I'm gonna make this shit fresh for you to eat in
And I'm just a chef in a kitchen, A jet's what we dip in
When we on the side of town

No matter what's next, intermission
It's you that we missin'
We know we gon hold you down

Always, Yeah
I got your back and I'm always gonna hold you down,
down
Even though sometimes it seems I'm never around
yeah yeah
I'm gonna roll on tour but I promise I'll be back to you
It's you that I want to see, with you is where I wanna be
Always, Always, Always

They say we back now
I never back down
First draft and they just made it in the last round
I treat the game like my chick, I'm gon smash now

I'm out here early, no breakfast this shit is hash-browns
They say we go ham, back to the program
Attendedly to my parties with Linsey Lohan
They with the success comes envy, I envy no man
On tracks, I'm Bulgarian, coat man
And still I'm so seasoned, I feel deep here
I took the logic so she doesn't need a reason
