By: lil dom ft. face mob

Face mob & lil dom

X1 I really wanna give it to her slow (but I)
"cause she cold"
Can't cause she got me hypnotized (or what not)
"cause she cold"
Let me slide up between yo thighs (so I can grind)
"cause she cold"
Damn girl we got all night (so let me take my time)

Verse 1

A my lil mama cold when she in them tight jeans,
We been talking for a while about a wedding ring,
Ya legs ask me questions like can I get between,
And I don't got a problem with it cause yo pussy clean,
And I can rumb yo body down with that baby oil,
No I'm not pretty ricky but I make it juicy for ya,
Staring in yo eyes,
I'm hypnotized,
My lil maaaa cold and she hella fine,
"hella fine"

X2 I really wanna give it to her slow (but I)
"cause she cold"
Can't cause she got me hypnotized (or what not)
"cause she cold"
Let me slide up between yo thighs (so I can grind)
"cause she cold"
Damn girl we got all night (so let me take my time)

Verse 2

"o" girl I'm really feeling (youx7)
"o" girl I wanna get in (youx7)
Girl let me lay you on the bed,
Spread open yo legs,
So I can get it wet,
Girl I know you feeling me,
Got you gripping them sheets,
Now you screaming ohh wee,

X2 I really wanna give it to her slow (but I)
"cause she cold"
Can't cause she got me hypnotized (or what not)
"cause she cold"
Let me slide up between yo thighs (so I can grind)
"cause she cold"
Damn girl we got all night (so let me take my time)

Verse 3

Step 3 so we take it to the bed room,
I love it when you call me daddy in a sexy tune,
Yea I'm a freak so I know the freaky ways to please ya,
I love it when you whisper in my ear daddy deeper,
"ohh" yo pussy like a ocean,
Girl I'm floatin, yes it's tight just like I'm in motion on a
boat and,
I hear you screaming saying daddy ohh I'm feeling
you,
It's not a new movie but you keep playing with me I will
be coming soon!

X2 I really wanna give it to her slow (but I)
"cause she cold"
Can't cause she got me hypnotized (or what not)
"cause she cold"
Let me slide up between yo thighs (so I can grind)
"cause she cold"
Damn girl we got all night (so let me take my time)
