Sitting on the edge of the balcony  
Waiting for you to pull in  
Put on your favourite lingerie  
Had it on all day  
I had the candles lit, your dinner warm  
And I was your dessert baby  
Now what happened to courtesy  
Never told me you were running late

I heard you coming my body over to the bed  
Then I close my eyes and it was time  
You were right here

I tried to wait for you  
But you took too long to get here  
I had the night planned for you  
Now I don't need another hand  
I'll be fine without you by my side  
Without you I'll be fine  
I'll take care of mine  
I can't deny baby  
It's looking like one of those nights  
When I make me come alive  
Baby alive  
Baby alive  
Baby  
When I make me come alive  
Baby alive  
Baby alive  
Baby  
Yeah yeah

I couldn't control my fingertips  
Didn't do it to make you jealous  
But the waiting grew ridiculous I couldn't wait for your  
help  
Every minute was so visual even though you were  
invisible  
Didn't even turn the key but baby catch up with me

I heard you coming my body over to the bed

Then I close my eyes and it was time  
You were right here

I tried to wait for you  
But you took too long to get here  
I had the night planned for you  
Now I don't need another hand  
I'll be fine without you by my side  
Without you I'll be fine  
I'll take care of mine  
I can't deny baby  
It's looking like one of those nights  
When I make me come alive  
Baby alive  
Baby alive  
Baby  
When I make me come alive  
Baby alive  
Baby alive  
Baby  
Yeah yeah

I just had to do this  
Put on my favourite music  
Should have made it home a little sooner baby  
It just made me lose it, ooh yeah  
Touch me baby

I tried to wait for you  
But you took too long to get here  
I had the night planned for you  
Now I don't need another hand  
I'll be fine without you by my side  
Without you I'll be fine  
I'll take care of mine  
I can't deny baby  
It's looking like one of those nights  
When I make me come alive  
Baby alive  
Baby alive  
Baby  
When I make me come alive  
Baby alive  
Baby alive  
Baby  
Yeah yeah

Yeah yeah  
I make me come alive  
Alive alive  
Yeah yeah

Yeah
