Weekend has arrived everybody's tryin to find  
something to get into  
My friends wanna go out but I can't cancel my plans  
Got a date with my baby she's taking me out so I'm  
gonna catch up with you some other day gotta go can't  
make her wait tonight have to make sure I'm looking  
hot 'cause we're going to our favourite spot till the  
morning we're gonna rock(girl you rock me up)

My baby doesn't matter what's going on or who's  
around us all I see is you right now they're playing our  
song dancefloor is ours(all I see is you) the dj's got me  
feelin' like I did when I first met you and there's nothing  
that can't break us apart in 2 'cause all I see is you

I get lost in time when you're lookin'in my eyes and  
we're body to body I don't want you to rush 'cause  
you're feeling like heaven to me follow the rhythm and  
keep it real close in the dark everthing goes love it  
better when you touch baby 'cause we've just begun  
have to make sure I'm looking hot 'cause we're going  
to our favourite spot till the morning we're gonna  
rock(girl you knock me out)

My baby doesn't matter what's going on or who's  
around us all I see is you right now they're playing our  
song dancefloor is ours(all I see is you) the dj's got me  
feelin' like I did when I first met you and there's nothing  
that can't break us apart in 2 'cause all I see is you

Ooh-oooh-oooh

more and more and more as we move across the floor,

My baby doesn't matter what's going on or who's  
around us all I see is you right now they're playing our  
song dancefloor is ours(all I see is you) the dj's got me

feelin' like I did when I first met you and there's nothing  
that can't break us apart in 2 'cause all I see is you

My baby doesn't matter what's going on or who's  
around us all I see is you right now they're playing our  
song dancefloor is ours(all I see is you) the dj's got me  
feelin' like I did when I first met you and there's nothing  
that can't break us apart in 2, all I see is you baby, oh
