[Verse 1:]

Sitting on the edge of the balcony
Waiting for you to pull in
Threw on your favourite lingerie
Had it on all day
I had the candles lit your dinner warm
And I was your dessert baby
Now what happened to courtesy
Never told me you were running late

[Chorus:]

I heard you calling my body over to the bed
Then I closed my eyes and it was like you were right
here
I tried to wait for you but you took too long to get here
I had the night planned for you
Now I don't need another hand
I'll be fine (without you)
I'm aside (without you)
I'll be fine, I'll take care of mine
I can't deny it's looking like one of those nights
When I make me come alive alive alive
When I make me come alive alive alive
Yeah yeah

[Verse 2:]

I couldn't control my fingertips
Didn't do it to make you jealous
But the craving proved ridiculous
I couldn't wait for your help
Every minute was so visual
Even though you were invisible
Didn't even hear you turn the key
But baby catch up with me

[Chorus:]

I heard you calling my body over to the bed
Then I closed my eyes and it was like you were right
here
I tried to wait for you but you took too long to get here
I had the night planned for you
Now I don't need another hand

I'll be fine (without you)
I'm aside (without you)
I'll be fine, I'll take care of mine
I can't deny it's looking like one of those nights
When I make me come alive alive alive
When I make me come alive alive alive
Yeah yeah
