Ahh yeah
Ohh yeah
Oh yeahhh

I see it in your eyes
I hear your heartbeating
And you're wondering if I'm like those other guys
Scared that you might
Be playing with fire
You fall in and baby it burns

Too late, to try to go and change the tempo
Too late, we in this, don't put us in limbo
I'm not anyone else you may have known
Trust me girl you can let go

You don't have to read my mind baby
You don't have to wonder how I'm feeling
You don't have to read my mind baby
I'm already yours, yours, yours
I'm already y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
You don't have to read my mind

Look at the signs
I know you can hear it
Melodies that birds are singing for you
Hands in the sky
It's safe to surrender
Living the moment and try something new

Too late, to try to go and change the tempo
Too late, we in this, don't put us in limbo
I'm not anyone else you may have known
Trust me girl you can let go

You don't have to read my mind baby
You don't have to wonder how I'm feeling
You don't have to read my mind baby
I'm already yours, yours, yours
I'm already y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
You don't have to read my mind

Maybe I don't tell you as much but
My actions speak louder than words
Know what we got is so special
Baby...

You don't have to read my mind baby
You don't have to wonder how I'm feeling
You don't have to read my mind baby
I'm already yours, yours, yours
I'm already y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
Y-or, or, or, or, or, or,
(you don't have to read my mind) y-or, or, yours
You don't have to read my mind
I'm already yours
Yeah I'm already yours
Oh yeah
