Ohhh
Yeahh
Ooh Yeahh
Yeahh-eee Yeah
Yeahh-eee Yeahhh

Friday night and i'm ready pickin up the phone
She the type of girl you never wanna leave alone
Now we done made her mad
She She's gonna get em back
Put on that dress, the tightest one she could fit yeah

She hit the club, but she forgot her ID
Just to get in she flirtin with sercurity
Her stilleto just broke
credit cards been revoked
She wanna drink, girl look like you need a drink

Just imagine (ooh)
This never happened (ooh)
Imagine he woulda called you back
Me and you woulda never met
I said imagine (ooh)
He always did what he should
We woulda never fell in love can't you see

Baby I'm the best mistake (mistake)
You know it (know it)
The biggest mess you made was your best mistake
Cause now I'm in his place
and girl you love it
Doin' wrong never felt so perfect
I'm your best mistake

Wit ya bad self (maybe)
No need to say your sorry for your best mistake
Go, go, go, go, go
head wit ya bad self (maybe)
baby you could play me, baby, blame me

When the club shut down, I drove her home to drop her
off

Cause she didn't get far she locked the keys up in her
spot
I couldn't leave her alone
She said her heart was torn
What was I to do, one thing led to another ooohhh

Just imagine (ooh)(yeahh)
This never happened (ooh)
You never cheated on your man
Me and you woulda never met
I said imagine (ooh)
He always did what he should
We woulda never fell in love can't you see

Baby I'm your best mistake (mistake)
You know it (know it)
The biggest mess you made was your best mistake
Cause now I'm in his place
and girl you love it
Doin' wrong never felt so perfect
I'm your best mistake

Wit ya bad self (baby)
No need to say your sorry for your best mistake
Go, go, go, go, go
head wit ya bad self (maybe)
baby you could play me, baby, blame me
