You bring her around, know she's hot as hell
Smoking like a gun, got... kill
Brag about her to make me jealous
You're wrong, you're dead wrong
Kiss in front of me, all of...
You tell me how good her tender on it
Now this may be... I know I'm dead wrong, I know I'm
dead wrong

Now what I'm about to say about this girl I know ain't
right
But he threw her in my face put those thoughts in my
mind
But I'm only here dying if she gave me times to be
mine
Keep your eye on your girl, don't you leave her alone
Cause I might just snatch her out your hand
Keep your eye on your girl, cause she's bad to the bone
I'd like to handle her well
In this cold cold world, every man's for himself
Keep your eye on your girl, keep your eye on your girl

Man what do you care, you still do your thang
When she gets in bed, other girls... entertain
So actually you're doing you a favor homie
You should be thanking me

Now what I'm about to say about this girl I know ain't
right
But he threw her in my face put those thoughts in my
mind
But I'm only here dying if she gave me times to be
mine
Keep your eye on your girl, don't you leave her alone
Cause I might just snatch her out your hand
Keep your eye on your girl, cause she's bad to the bone
I'd like to handle her well
In this cold cold world, every man's for himself
Keep your eye on your girl, keep your eye on your girl

Yeah, ai-ai-ai-ai-ai-ia

Your girl so bad, I wish just have, to take her from you
Keep your eye on your girl, don't you leave her alone
Cause I might just snatch her out your hand
Keep your eye on your girl, cause she's bad to the bone
I'd like to handle her well
In this cold cold world, every man's for himself
Keep your eye on your girl, keep your eye on your girl
Keep your eye on your girl, keep your eye on your girl
