[Talking]

Yeah, Play & Skillz, just let it bang
Na'm sayin'? Hah-Hah, feelin' this one
Yeah I'm feelin' this one
We talkin' bout music
Pay attention listen up 'cause I..

[Hook - Lil' Flip]

I Rock & Roll, this is how a glock explode
My music is like crack, 'cause I rock the shows
You got to know, that can't nobody stop my flow
My concerts like drugz, got fans got to go
[repeat]

I'm like crack, whenever I perform on a track
'cause if you from outta town you about to get taxed
And that's that..I ain't changin' my price for nobody
You can keep them points 'cause you ain't gon' sell four
cotties
'cause ya style to sloppy, ya beats ain't knockin'
And when you in public, them freaks ain't boppin'
My 6-4 hoppin' when I'm ridin' down the street
I still feel like I'm hustlin' (why?) 'cause I'm raw with
these beats
You could put me on a plane, or put me on a train
'cause no matter where I perform, they understand my
slang
They understand my pain and how I took over the
game
From this day on, rap 'll never be the same

I Rock & Roll, this is how a glock explode
My music is like crack, 'cause I rock the shows
You got to know, that can't nobody stop my flow
My concerts like drugz, got fans got to go
[repeat]

I need 25 a show, I need 30 for a verse
(Them video's on BET) yeah I know how much I'm worth
(How much?)..I'm worth alot, 'cause I really work alot
And since Will Lean my nigga, I gotta help him out

So I'ma put him out (so nigga kick ya feet up)
And when the stores sell-out (then it's time to re-up)
So keep yo D-up, 'cause we comin' with the heat man
And if you get a deal make sure yo niggaz eat man
And to my fans, I appreciate the love
So holla at ya boy when I'm at the club
'cause I ain't Hollywood, I'm from the Hollyhood
The difference between me and them my music good

[Hook]

I Rock & Roll, this is how a glock explode
My music is like crack, 'cause I rock the shows
You got to know, that can't nobody stop my flow
My concerts like drugz, got fans got to go
