Seeing bigger things for tomorrow
With you I feel right at home
You make me wanna be with just one woman
You energize me and I'ma give you more love

I felt the tingles in my bones
My hair stands up
She shocked my world and now I can't get enough
(ho oh ho ho ho ho ho oh)
She lights my way

And she's so electric
Damn I got affected
Oh when we connected, she lit up lit up lit up lit up lit up
my life
And when she's giving me energy
It's like electricity
And oh when we connected, she lit up lit up lit up lit up
lit up my life

Every second, every minute, every hour (hour hour)
It's good when she's in my arms
And when I'm running on E, she's my power (power
power)
She lifts me up, she fuels my soul

I felt the tingles in my bones
My hair stands up
She shocked my world and now I can't get enough
(ho oh ho ho ho ho ho oh)

She lights my way

And she's so electric
Damn I got affected
Oh when we connected, she lit up lit up lit up lit up lit up
my life
And when she's giving me energy
It's like electricity
And oh when we connected, she lit up lit up lit up lit up
lit up my life

(Instrumental)

I felt the tingles in my bones
My hair stands up
She shocked my world and now I can't get enough
(ho oh ho ho ho ho ho oh)
She lights my way

And she's so electric
Damn I got affected
Oh when we connected, she lit up lit up lit up lit up lit up
my life
And when she's giving me energy
It's like electricity
And oh when we connected, she lit up lit up lit up lit up
lit up my life
