I took a picture of a girl I once knew  
I kept it here incase I'd run into you  
The look on your face could light up a room  
But instead you left And now I'm sitting with my head on  
the dashboard  
Push the seat back and close my eyes  
I had this dream that I was on an airplane  
Afraid to fly  
So I tipped my head to the side and I whispered  
To this man that was in the isle  
I said "do you know how long it takes before we die?"  
And then I rolled awake

Can you take me back to the person I used to be  
Back when you were there for me  
I know it seems like forever but do me a favor please  
Way back when we were stupid  
Held grudges just to help us sleep  
Oh my god, how ridiculous were we?

I stop your breathin everytime I'm around girl  
Your body's sweatin and your hands start to shake  
I know you can't control your eyes but I know that your  
looks are fake  
So tease me once and I'll try to forget  
How it feels when youve got nothing left  
Well take it slow and only work this sometimes  
Oh yeah...

Can you take me back to the person I used to be  
Back when you were there for me  
I know it seems like forever but do me a favor please  
Way back when we were stupid  
Held grudges just to help us sleep  
Oh my god, how ridiculous were we?

I took a picture of a girl I once knew  
I kept it here incase I'd run into you  
The look on your face could light up a room  
But instead you left
