[Verse 1]

One, two, three, four,  
Fizzo came through and I'm blazin out the door  
Hold five to six hoes  
Causin frenzies round the globe  
And my belly stay froze, 'cause my chain hang low  
Now I'm gettin paid, every single day  
Wit my niggas, my niggas Chris and J  
Now it's best you move out my way  
'cause yall been havin bad days ever since I took place  
Dudes with fast names  
Can't seem to win a race  
Don't try to spit dog  
If you can't make a hit  
Don't try to make her shake  
If she don't move like a snake  
Throw it on her like a Cham-pien  
Bounce her like a tramp-line  
I'm telling you sweet thing  
You think I'm mean  
It's only right that we get this green  
So if the game is open  
I'm takin it like I-V  
If rap was ball  
I'd have points like Kobe

[Chorus]

Fizzo Got Flow  
The Fizzo Got Flow (what)  
Fizzo Got Flow  
The Fizzo Got Flow (C'mon)  
Fizzo Got Flow  
The Fizzo Got Flow  
You think you know, but you have no idea.  
The Fizzo Got Flow  
The Fizzo Got Flow (what)

[Verse 2]

I came through this game abrupt  
Yall said who's him  
Slim wit the tilted brim  
On Powder blue Tims  
It wasn't long 'for I filled my chain wit gems  
Turned lint into ends  
Bought an E Class Benz  
Now yall wanna say how we speak so fluent  
How we keep the crowds movin  
I hope he's neva truant  
Do I hafta say that I'm betta than yall  
When your album can't compare to my sixteen bars  
Yall got me confused, I don't kick it wit nerds  
Im a grown ass man, yall kids like big bird  
Look dog, man I don't think you heard  
Hit um up,  
Spit um up,  
Get um up,  
Word.

[Chorus]

Fizzo Got Flow  
The Fizzo Got Flow (What)
