[Verse 1: Young Buck]

My chain hangin', 24's on my Escalade an',  
I smoke so much a lot people might think I'm Jamaican.  
(but you don't hear me)  
I know just where straight to take 'em straight to the  
dirty dirty,  
Where Bun come from, and Lil' Flip flip them birdy-  
birdies.  
(but you don't hear me)  
Me and Bank Hank headin' out in ATL,  
50 ridin' wit me blowin' sticky down in Cashville.  
(but you don't hear me)  
We get the club crunk y'all know how we do it,  
Now let me see ya stomp stomp in ya G-Unit.  
(but you don't hear me)  
They say I'm dressed like a thug, they won't let me in,  
Security betta move or get up on my level then.  
(but you don't hear me)  
The hood in here where they at? (here we go Buck!)  
Now lets buy the bar and drink til we throw up.

[Hook]

Now who they want? (flip flip flip flip, game over)  
Flip flip flip flip (now who they want?)  
Flip flip flip flip (game over)  
Flip flip flip flip (now who they want?)

Flip flip flip flip (game over)  
Flip flip flip flip (now who they want?)  
Flip flip flip flip (game over)

[Verse 2: Lil' Flip]

Lil' Flip is in the building (oh boy, oh boy)  
Aww \*\*\*\* i had to do a remix,  
I got a thousand-dollar shirt plus three-hundred dollar  
kicks.  
(but you don't hear me)  
I know you mad cause your gal love my voice, (ohhhhh)  
I know you mad I'm on the cover of The Source. (noooo)  
(but you don't hear me)  
I take 15 minutes to drop a track boy,  
You ain't know I got Houston tatted on my back boy.  
(but you don't hear me)  
I be in Philly with beans, I be with 50 in Queens,  
I be in Houston with Bun I keep a gun.  
(but you don't hear me)  
From the crack game, to the rap game,  
But my main goal is to try to stack change. (but you  
don't hear me)  
I'm number 1 on the charts you at the bottom boy,  
Cause if you drop, when I drop,  
It's a problem boy. (but you don't hear me)  
I got hits for days, I move bricks and haze,  
I'm big pimpin like Jay, we choppin' blades.  
(but you don't hear me)  
It's Clover G on top of my chain,  
And when I die, put a crown on top of my name. (game  
over)

[Hook]

Now who they want? (ahhhhhhhhhh)  
Now who they want? (flip flip flip flip, game over)  
Flip flip flip flip (now who they want?)

Flip flip flip flip (now who they want?)  
Flip flip flip flip (game over)  
Flip flip flip flip (now who they want?)  
Flip flip flip flip (game over)

[Verse 3: Bun B]

It's the king of the underground, the king of the Trille,  
In the candy Cadillac with pinky ring on the wheel.  
(but you don't hear me)  
Diamonds against the wood, Southern-style stuntin'  
man,  
It's nothin' for Bun B to come down on them buttons.  
(but you don't hear me)  
I saw yo' rims, fool they spinners but they not Davins,

See that's that half-assed hustlin the South is not  
havin'. (but you don't hear me)  
Wanna ball with the best (why?) just go ball with the  
rest (ahhh)  
Got more TV's in my car than Best Buy.  
You can just try, my crew is in takeover,  
My nine'll give you a new grill, like Extreme Makeover.  
(but you don't hear me)  
Soon as Pimp C, come home we move the fake over,  
The lame over, and it's a shame 'cause the game...  
(game over)

[Hook]

Game over (flip flip flip flip)
