[Intro:]

Hey, yeah, yeah
Hey, yeah, yeah
DJ Coco, bring that shit on!

G-got them out, baby, damn, girl
T-tell me where's your man, girl
You gotta keep on going... girl
Like like there's a party in your pants, girl, girl, girl,
girl!

Bridge:

Babe, I don't blame
But you already know the freaks come out at night,
night, night
Can you fulfill my appetite?
Until tomorrow baby, we can go up night, night, night!

Hook:

So what you say,
Girl, you and me?
Oh, what you say,
You wanna do something?
Cause in the dark, no one else can see
Don't want the way,
I'm about to make you scream!
Hey oh yeah, yeah, yeah, yeah
I'm about to make you scream!
Hey oh yeah, yeah, yeah, yeah
Hey oh yeah, yeah, yeah, yeah
I'm about to make you scream!
Hey oh yeah, yeah, yeah, yeah
Hey oh yeah, yeah, yeah, yeah

How about you tie me to a bad boy
But Bobby, I'mma be your boy toy
You know you want it, don't'
Hurry baby, don't mean to kill your joy!

Bridge:

Babe, I don't blame

But you already know the freaks come out at night,
night, night
Can you fulfill my appetite?
Until tomorrow baby, we can go up night, night, night!

Hook:

So what you say,
Girl, you and me?
Oh, what you say,
You wanna do something?
Cause in the dark, no one else can see
Don't want the way,
I'm about to make you scream!
Hey oh yeah, yeah, yeah, yeah
I'm about to make you scream!
Hey oh yeah, yeah, yeah, yeah
Hey oh yeah, yeah, yeah, yeah
I'm about to make you scream!
I'm about to make you scream!
I'm about to make you scream!
Make you scream!
