Tears, yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah, yeah

I've dragged my feet, at least 1000 miles
Through these lonely streets with the broken smile
And I wear my shades, just to hide my smile
On this big blackâ€¦ back for more
Cause it hurts so good
But I don't like pain, I'm misunderstood
With my hope so high, I could crash and burn
If I fall this time, will I ever learn?

I've been here before I know that way that it feels
I've been blind folded, and told it was real
Played a fool baby, please don't do me like that, that,
that, that

Trying so bad to taste your..
I'm scared you're not ready for this
Wanna believe that you would sense
I'm a hopeless romantic
I can love you for a million years
But if you gonna cause a million tears
Let me your â€¦
If you were mine, like a royal crown
When the angels come, I'd turn the heavens down
Just to stay with you, â€¦
Give the riches up, cause that's what love's worth

I've been here before I know that way that it feels
I've been blind folded, and told it was real
Played a fool baby, please don't do me like that, that,
that, that.
