(Ooh-ooh whoo, whoo) (Whoa, whoa-oh yeah-ah yeah)  
(Oh no, no, no)

Have you ever met somebody who stole your heart  
from the jump couldn't hold on it?  
Had to make sure that you made her yours so you just  
gave your all  
(Could've sworn up and down on us) But your lost if you  
bet your life on it  
Took a risk that was a hit and miss It was the wrong  
timin'

Some things you just can't change No one could stop  
the rain (Oh no, no)  
So as long as we're together our problems will remain  
There's no one here to blame 'cause we both share the  
pain  
Just know I never took down your name

[Chorus:]

If I open another door It won't be the one to your heart  
'Cause every single room I try this promise love  
But don't worry there's no love lost  
So it's only right that I let you go I'm a wish you well  
even though  
Our chapter's closed, don't worry there's no love lost

Lost the purpose all the fightin' was almost worth it but  
it wasn't enough to last us through  
But really what can we do? (Stay here hurtin') Makes no  
sense it'll worsen  
Don't wanna be a burden to you it's time we start a new

Some things you just can't change No one could stop  
the rain (Oh no, no)  
So as long as we're together our problems will remain  
There's no one here to blame 'cause we both share the  
pain  
Just know I never took down your name

[Chorus:]

If I open another door It won't be the one to your heart

'Cause every single room I try this promise love  
But don't worry there's no love lost  
So it's only right that I let you go I'm a wish you well  
even though  
Our chapter's closed, don't worry there's no love lost

Maybe it was just bad timin' whatever it made me girl  
know that it's best that we (discuss)  
Always 'cause it stopped right there we can do for us if  
we try to save what's left at least we could be friends

[Chorus:]

If I open another door It won't be the one to your heart  
'Cause every single room I try this promise love  
But don't worry there's no love lost  
So it's only right that I let you go I'm a wish you well  
even though  
Our chapter's closed, don't worry there's no love lost

If I open another door It won't be the one to your heart  
'Cause every single room I try this promise love  
But don't worry there's no love lost  
So it's only right that I let you go I'm a wish you well  
even though  
Our chapter's closed, don't worry there's no love lost
