Ah yeah!

I kept going through emotions,  
Like a ship in a storm.  
We've been too deep in this sea to just fall.  
And I've never been a quitter,  
I believe that's the tone,  
Only to wake up and find myself all alone.

Even though I knew we had some better days,  
Yes I was sure,  
We would get back to it, silly me.  
Used to be so into you,  
Now I can't wait to get over you  
I know I will,  
But still,  
One thing that's real,

You will remember my name!  
Doesn't matter who's in the picture,  
When everything around you is different.  
One thing will remain,  
You will remember my name!  
I feel sorry for when it hits ya,  
That nobody else will differ,  
But then you'll be too late,  
You will remember my name.

You're hurting right now,  
While you wear a smile.  
But you're the only person you're really letting down.  
Cause the no ones before you,  
Let true love walk on out,  
There's no guarantee it will come back around!

Even though I knew we had some better days,  
Yes I was sure,  
We would get back to it, silly me.  
Used to be so into you,  
Now I can't wait to get over you  
I know I will,  
But still,

One thing that's real,

You will remember my name!  
Doesn't matter who's in the picture,  
When everything around you is different.  
One thing will remain,  
You will remember my name!  
I feel sorry for when it hits ya,  
That nobody else will differ,  
But then you'll be too late,  
You will remember my name.

You can search the other side of the world,  
I can promise that you won't fill the void,  
Cause I was so into you.  
When your heart falls,  
You know it's true.  
Keep running away,  
But you'll remember my name.

You will remember my name!  
Doesn't matter who's in the picture,  
When everything around you is different.  
One thing will remain,  
You will remember my name!  
I feel sorry for when it hits ya,  
That nobody else will differ,  
But then you'll be too late,

You will remember my name!  
Doesn't matter who's in the picture,  
When everything around you is different.  
One thing will remain,  
You will remember my name!  
I feel sorry for when it hits ya,  
That nobody else will differ,  
But then you'll be too late,  
You will remember my name.

Ah yeah.  
Remember my name, ah yeah.  
Remember my name, ah yeah.  
My name, ah.  
You will remember my name
