You look beautiful in white  
Standing there in front of your friends and all your  
family  
And the man beside you 'bout to say 'I do'  
God wish that man was me  
Yeah...

I can't keep silent any longer... Nooo.  
I gotta speak now or forever hold my peace  
I only got few short seconds to make you change your  
mind  
So baby listen to my plea

[Chorus:]

If you say those words, then you don't love me  
If you tell him you do, then I'll just turn around and  
leave  
But you still haven't said it  
And I'm here not to let it  
I crashed, uninvited call me crazy  
If you say those words, then I'll just throw up my hands  
If you go through with it, then he's the better man  
But you still haven't said it  
And I'm here not to let it  
My baby I'm beggin' please... Save those words for me

I finally came around to my senses  
I've drove all night and here I am right now  
With all these angry faces staring  
At this desperate look I'm wearing  
Calling out your name and interrupting vows

[Chorus:]

If you say those words, then you don't love me  
If you tell him you do, then I'll just turn around and  
leave  
But you still haven't said it  
And I'm here not to let it  
I crashed, uninvited call me crazy  
If you say those words, then I'll just throw up my hands  
If you go through with it, then he's the better man  
But you still haven't said it

And I'm here not to let it  
My baby I'm beggin' please... Save those words for me

'Till I hear I from your lips  
See you seal it with a kiss  
I'm not buying it [x2]

[Chorus:]

If you say those words, then you don't love me  
If you tell him you do, then I'll just turn around and  
leave  
But you still haven't said it  
And I'm here not to let it  
I crashed, uninvited call me crazy  
If you say those words, then I'll just throw up my hands  
If you go through with it, then he's the better man  
But you still haven't said it  
And I'm here not to let it  
My baby I'm beggin' please... Save those words for me
