Ooooooh yeahh
Starin', feeling you out from a distance
Say that you're solo, boy don't tell me different
If you come over, you wont get resistance tonight
So don't let me down
I'm fed up, had enough, I'm out on a mission
While many don't deserve this don't deserve this idk
why you're with him
The minute I find someone who's got what he's
missing, I'm gone

So tell me you're my saviooor, show me the stairway
to heaven
Be my saviooor, save me from this love armagedon
Oooohh ohhh take me on your wings and fly away
So be my saviooor, saviooor ooh

Imagine skipping town, next flight off the runway
You spend the rest of your life just getting lonely
Rebels lets do it, sorry for pressing our luck
Don't blame me for dreaming
Baby hurry up you got me burning up
Kiss me in shadows, kiss me in shadows
Rescue me now, rescue me now
Come and give me something to live for

Saviooor, show me the stairway to heaven
Be my saviooor, save me from this love armageddon
Oooohh ohhh take me on your wings and fly away
So be my saviooor, saviooor ooh

There's nothing to it (yeahh yeahh)
I always knew it (yeahh yeahh)
Follow the music (yeahh yeahh)
To my heart, the rhythm, the beat to my heart
There's nothing to it (yeahh yeahh)
I always knew it (yeahh yeahh)
Follow the music (yeahh yeahh)
To my heart, the rhythm, the beat to my heart

Saviooor, show me the stairway to heaven

Be my saviooor, save me from this love armageddon
Oooohh ohhh take me on your wings and fly away
So be my saviooor, saviooor ooh
