Yeah, Ohoh, ahoh, ohoh
When you wanted to be with me,
I always found a way to run.
Thinking you would forgive me,
But now I'm cornered 'cause this time,
I'm going home to an empty, bed
And every night, think it's colder cause you're not next
to me

Now that your gone I hope
And pray you're okay,
Still in love with me
We ended in bad term the blame's on me.
I was prideful just because,
I was envious in love
Never could feed my hunger,
I was so full of just
You stayed faithful,
I was sloth, greedy for ya touch
My wrath made me commit,
The seven unforgivable sin
(Seven, seven) the seven unforgivable sins (seven
seven) oh yeah

I should've take you more serious,
When you said the day would come
Where you would build up the strenght enough,
To throw your hands up and say your done.
Losing you wasn't worth the risk,
Do you hear me crying now?
This has to be my biggest regret ever baby

Now that your gone I hope
And pray you're okay,
Still in love with me
We ended in bad term the blame's on me.
I was prideful just because,
I was envious in love
Never could feed my hunger,
I was so full of just
You stayed faithful,
I was sloth, greedy for ya touch

My wrath made me commit,
The seven unforgivable sin
(Seven, seven) the seven unforgivable sins (seven
seven) oh yeah

How could we so quickly just forget it all?
I know I'm the cause,
But if it wasn't for me
We still would be in love
Where we were or probably more
Who knows where
We could have go

Please come back to me,
(Seven seven) back to me yeah,
(Seven seven) back to me yeah,
(Seven seven) back to me yeah,
(Seven seven)

I was prideful just because,
I was envious in love
Never could feed my hunger,
I was so full of just
You stayed faithful,
I was sloth, greedy for ya touch
My wrath made me commit,
The seven unforgivable sin
(Seven, seven) the seven unforgivable sins (seven
seven) oh yeah

How could we? (Seven seven) So quickly
How could we? (Seven seven) So quickly

My wrath made me commit
How could we? (Seven seven) So quickly

Cause my wrath made me commit (Seven seven) So
quickly

My wrath made me commit,
The seven unforgivable sin.
(Seven, seven) the seven unforgivable sins (seven
seven) oh yeah
The seven unforgivable sin.
(Seven, seven)
