End of the
End of the
End of the world
End of the
End of the
End of the world

Anytime anyplace yeah I could go the extra mile for you
Any hour of any day I'll meet you there
Say the words and my name
I'm on my way to get to you
I'm rushing like there's no tomorrow
To show you that I care

Doesn't matter the sky could be falling on us
Doesn't matter I walk on the fire
Whatever it takes noone's getting in our way
No nothing's gonna break us apart

My heart's stuck with you to the end of the world
The end of the world
My love forever yours is strong to the end of the world
The end of the world

No other smile no other face
I've ever seen has looked so beautiful
Feel the rush when we touch
Takes my breath away
You don't ever have to worry about someone replacing
you
Cause that would be impossible
I will prove it to you

Doesn't matter the sky could be falling on us
Doesn't matter I walk on the fire
Whatever it takes noone's getting in our way
No nothing's gonna break us apart

My heart's stuck with you to the end of the world
The end of the world
My love forever yours is strong to the end of the world

To the end of the world

My whole life I've been waiting, waiting for you girl
To come into my world
Now that I've found you... I'm a love you girl to the end
of the world
So whenever you feel lonely remember that you got me
And you're not alone
When all has gone, my love remains forever

My heart's stuck with you to the end of the world
The end of the world
My love forever yours is strong to the end of the world
The end of the world

My heart's stuck with you to the end of the world
The end of the world
My love forever yours is strong to the end of the world
The end of the world
