Still smiling from yesterday
I just woke up and the first thought on my brain,
is you and now I can't wait to see your lovely face
I would do whatever it takes to look into your eyes
again
If only you knew..

Days keep on turning into nights, wish I
could go 'head and say it
'cuhz it's burning deep inside to know
I wanna be yours baby
See, nothing could get better than if we were together,
I just can't take this
I wanna be, wanna be yours

So close but so far away
I won't be satisfied 'til I have my cake
and eat it too with love
with you I'll share a taste
not a single crumb I'll waste
It's getting harder to contain these feelings of you
I'm thinking,
You sweep me off the ground into a whirl wind
When you come around me something in me changes
i can't explain it baby I'm [?]
If only you knew..

Days keep on turning into nights, wish I
could go 'head and say it
'cuhz it's burning deep inside to know

I wanna be yours baby
See, nothing could get better than if we were together,
I just can't take this
I wanna be, wanna be yours

I'm falling so in love
friendship is not enough
It's hard to bare
'cuhz when you care the way that I do
you gotta be
the one to claims your name around

talks about you all over town
if i could just be your girl
if only you knew
if only you knew (yeah)
if only you knew

Days keep on turning into nights, wish I
could go 'head and say it
'cuhz it's burning deep inside to know
I wanna be yours baby
See, nothing could get better than if we were together,
I just can't take this
I wanna be, wanna be yours..
