what if, what if, what if
what if, what if, what if

long way I could forget
baby the thing we need
yeah ..never if I was..over sleep yeah
my rush mister tuff to top it all the..
so I'm soaking with
and I gotta say I wouldn't change a thing
it was a perfect mistake

Chorus:

what if, girl I'm never turn back I'm ground
what if, if I was looking down at the ground
what if, I wouldn't miss you
what if, I wouldn't see you
what if, girl you didn't go outside
what if, it wouldn't see your pretty eyes
what if, ..what if we never say..

you wouldn't be mine
if you'll never say..baby yeah
'cause honey you told me that day
everything in your..
all you woke up 'cause you love
..showers in the spring
just when you think it's all wrong
can you come and make it alright
it's not supposed to be the sunny and tries

Chorus:

what if, girl I'm never turn back I'm ground
what if, if I was looking down at the ground
what if, I wouldn't miss you
what if, I wouldn't see you
what if, girl you didn't go outside
what if, it wouldn't see your pretty eyes
what if, ..what if we never say..

no, you know what I mean
got every destiny oh yeah

and know ..
the way it supposed to me..oh yeah
and going nowhere
no, you know what I mean
got every destiny oh yeah
and going nowhere
imagine..made a difference

what if, what if, what if

you never settle but we could be together

[Chorus:]
