Eyes on my watch it's four o'clock
Only got an hour to play with now
I know what i'm doing is wrong
I'm lying to my man, can't help myself

i gotta see his face before his shift is over
so we gotta run, cause i kow that he'll be gone
once the sun goes down

deep in my heart i feel a spark every time i see him on
the block
i'm doing little things to get his attention
i'm relentless i won't let up

it's time i let the secret of the bad boy hear me out
you got your life can't you leave it all behind
once the sun goes down

no need to pack your bags just
baby take my hand and
we can get the first flight out
just follow your heart
be a light in the dark
yeah we can make a brand new start

once the sun goes down
